 - 1 StandardGrip mat (4.5" x 6.5")
 - 1 Card mat (4.5" x 6.5")
 - 1 Starter Tool set (scraper, spatula, and weeder)
 - 1 Cricut Joy fine point pen (black)
 - 1 instruction sheet

If you notice pieces are missing, please speak with a staff member at the Help Desk.

What is Cricut Joy?

Cricut Joy is a compact, portable cutting machine that can **cut, write, draw and foil**. Perfect for small spaces, quick projects, and on-the-go creativity.

Maximum project size: 4.25" x 6.25"

Work with: 50+ materials

You'll need:

- a mobile device (Smartphone, tablet, laptop or PC) with Bluetooth capability
- Internet connection
- a Cricut account (free to create)

Setup:

1. Go to cricut.com/setup and follow the prompts.
2. Download **Design Space** (Windows, Mac, iOS and Android).
3. Sign in or create a Cricut ID.
4. Pair your device with Cricut Joy via Bluetooth.
5. Follow the on-screen tutorial for a test cut.

Tip:

Didn't finish setup while connecting your machine to your mobile device? In Design Space, go to **New Machine Setup** under your account in the top right.

Materials You Can Use (over 50 different materials)

Smart Materials (No Mat) Including:

- Cricut Smart Vinyl (permanent or removable)
- Cricut Smart Iron-On
- Cricut Insert Cards

With Mat:

- paper and cardstock
- adhesive-backed paper
- other approved materials (See Design Space list)

Using Cricut Design Space

1. Choose a project from Design Space or create your own design. You can also upload images.
2. Select your material type (Smart Vinyl, cardstock, etc.).
3. Load the material into the machine with or without mat (depends on the material and design).
4. Press **Go** in the app.
5. The machine will cut or draw your design.

Image Files You Can Upload into Design Space

- **Basic Images:** (.jpg, .bmp, .png, .gif)
Upload as a single layer. Can be edited during upload.
- **Vector Images:** (.svg, .dxf)
Upload ready to cut with layers preserved automatically.

Important Notes for Your Projects

- One Cricut account works with multiple machines.
- Use only the included fine-point blade (Not compatible with other blades, including the deep-point blade).
- Compatible with Cricut Joy pens and markers.
- No Print and Cut feature.
- Crafting materials & Cricut Access not included.
